

Southeast Hydrogen Energy Alliance

Fall Internship at the Southeast Hydrogen Energy Alliance

Location: Nashville or Remote

Duration: Fall 2024

Position Overview:

SHEA is seeking a passionate and driven intern to join our team for the fall. As an emerging alliance at the forefront of the hydrogen movement in the Southeast, we aim to drive innovation, education, and change toward a sustainable future. The intern will play a vital role in content creation, member engagement, and the operational launch of our organization. This position offers an unparalleled opportunity to contribute to the hydrogen energy sector's growth while gaining valuable experience and expanding your professional network.

Key Responsibilities:

- Assist in developing and executing content strategies to enhance SHEA's online presence and member engagement.
- Help organize and manage events, workshops, and webinars that promote hydrogen energy education and awareness.
- Contribute to market research and analysis to identify trends and opportunities in the hydrogen sector.
- Support the creation of promotional materials and campaigns to highlight hydrogen businesses and initiatives.
- Collaborate with SHEA's leadership to provide comprehensive resources and support to our members.
- Engage with local, state, and federal stakeholders to foster partnerships and advance the hydrogen agenda.

Qualifications:

- Currently enrolled in or recently graduated from an academic institution offering certificate or degrees in environmental science, engineering, marketing or related fields. (Academic institutions include, technical colleges, community colleges, undergraduate and graduate institutions)
- A strong interest in and passion for renewable energy, particularly hydrogen energy.
- Excellent communication, research, and writing skills.
- Ability to work independently and collaboratively in a fast-paced environment.
- Creative thinker with strong problem-solving skills and attention to detail.

Benefits:

- Gain hands-on experience in a leading renewable energy trade organization.
- Develop a deep understanding of the hydrogen industry and its key players.
- Expand your professional network in the renewable energy sector.
- Contribute to impactful projects that promote sustainable energy development.
- Receive mentorship and guidance from experienced professionals in the field.

How to Apply:

Submit your resume, a cover letter explaining your interest in hydrogen energy and what you hope to contribute to and gain from the internship, and any relevant work samples or portfolio links learnmore@seh2.energy.

Deadline to apply: August 31, 2024
